To My Honey:

First of all I want to tell you what a wonderful boyfriend you are! and you are my honey. June 17 will be our fourth year going around and I can truthfully say they have been the best four years of my life. We've at our little fights but we never really mean them as big fights. Just little love fights, huh? I love you more and more each day and my love is really strong for you! Just like you always tell me you love me I know you really mean it! Everywhere we go we have fun together and we enjoy each others company. You try and take me everywhere I want to go, and you always try to make me happy and you always do. When I think of the past four years I think back at the memories of fun we had together. I hope that there will be many more years together, I know there will because we really and truly love each other very much! All I can say is Thank You for being so dear and lovable to me. and wonderful. I love you and I always will.

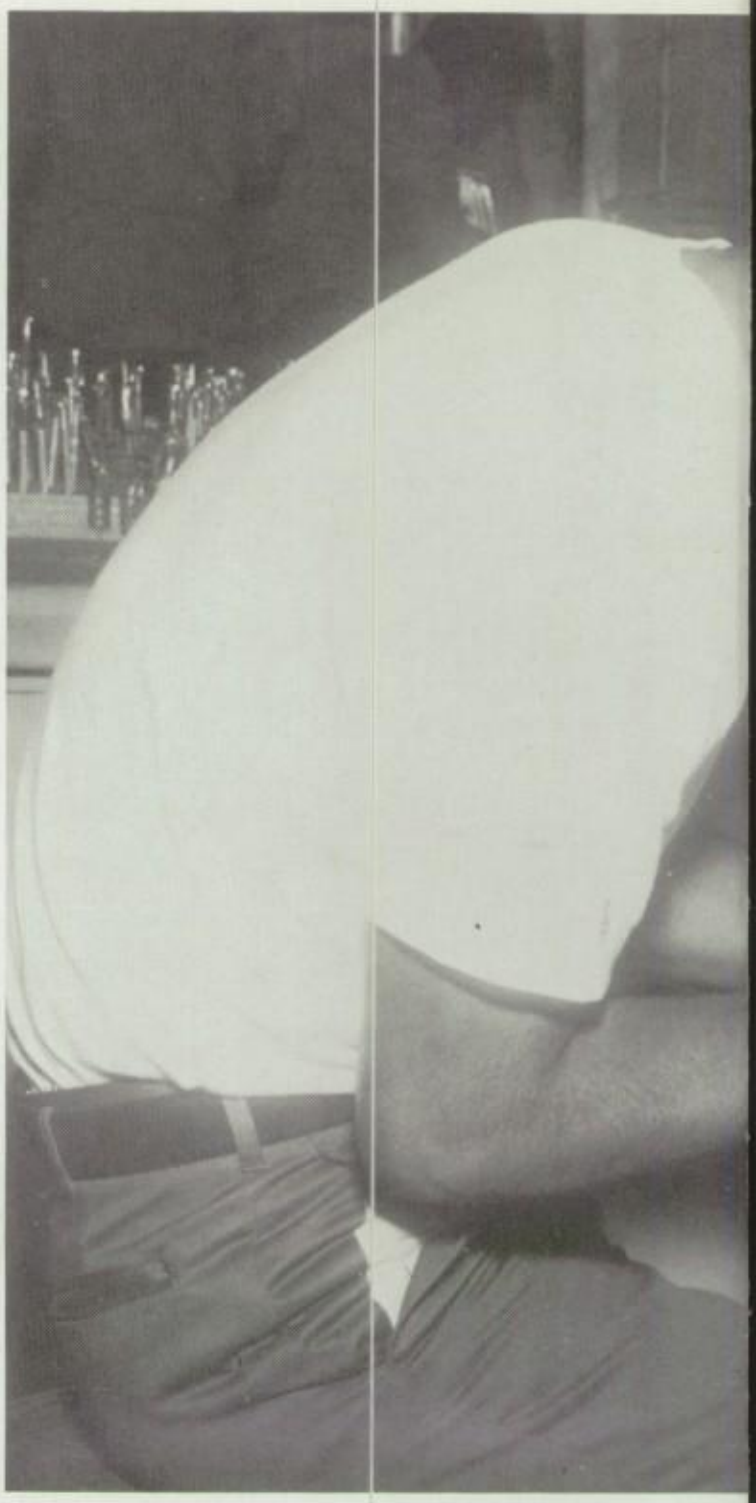
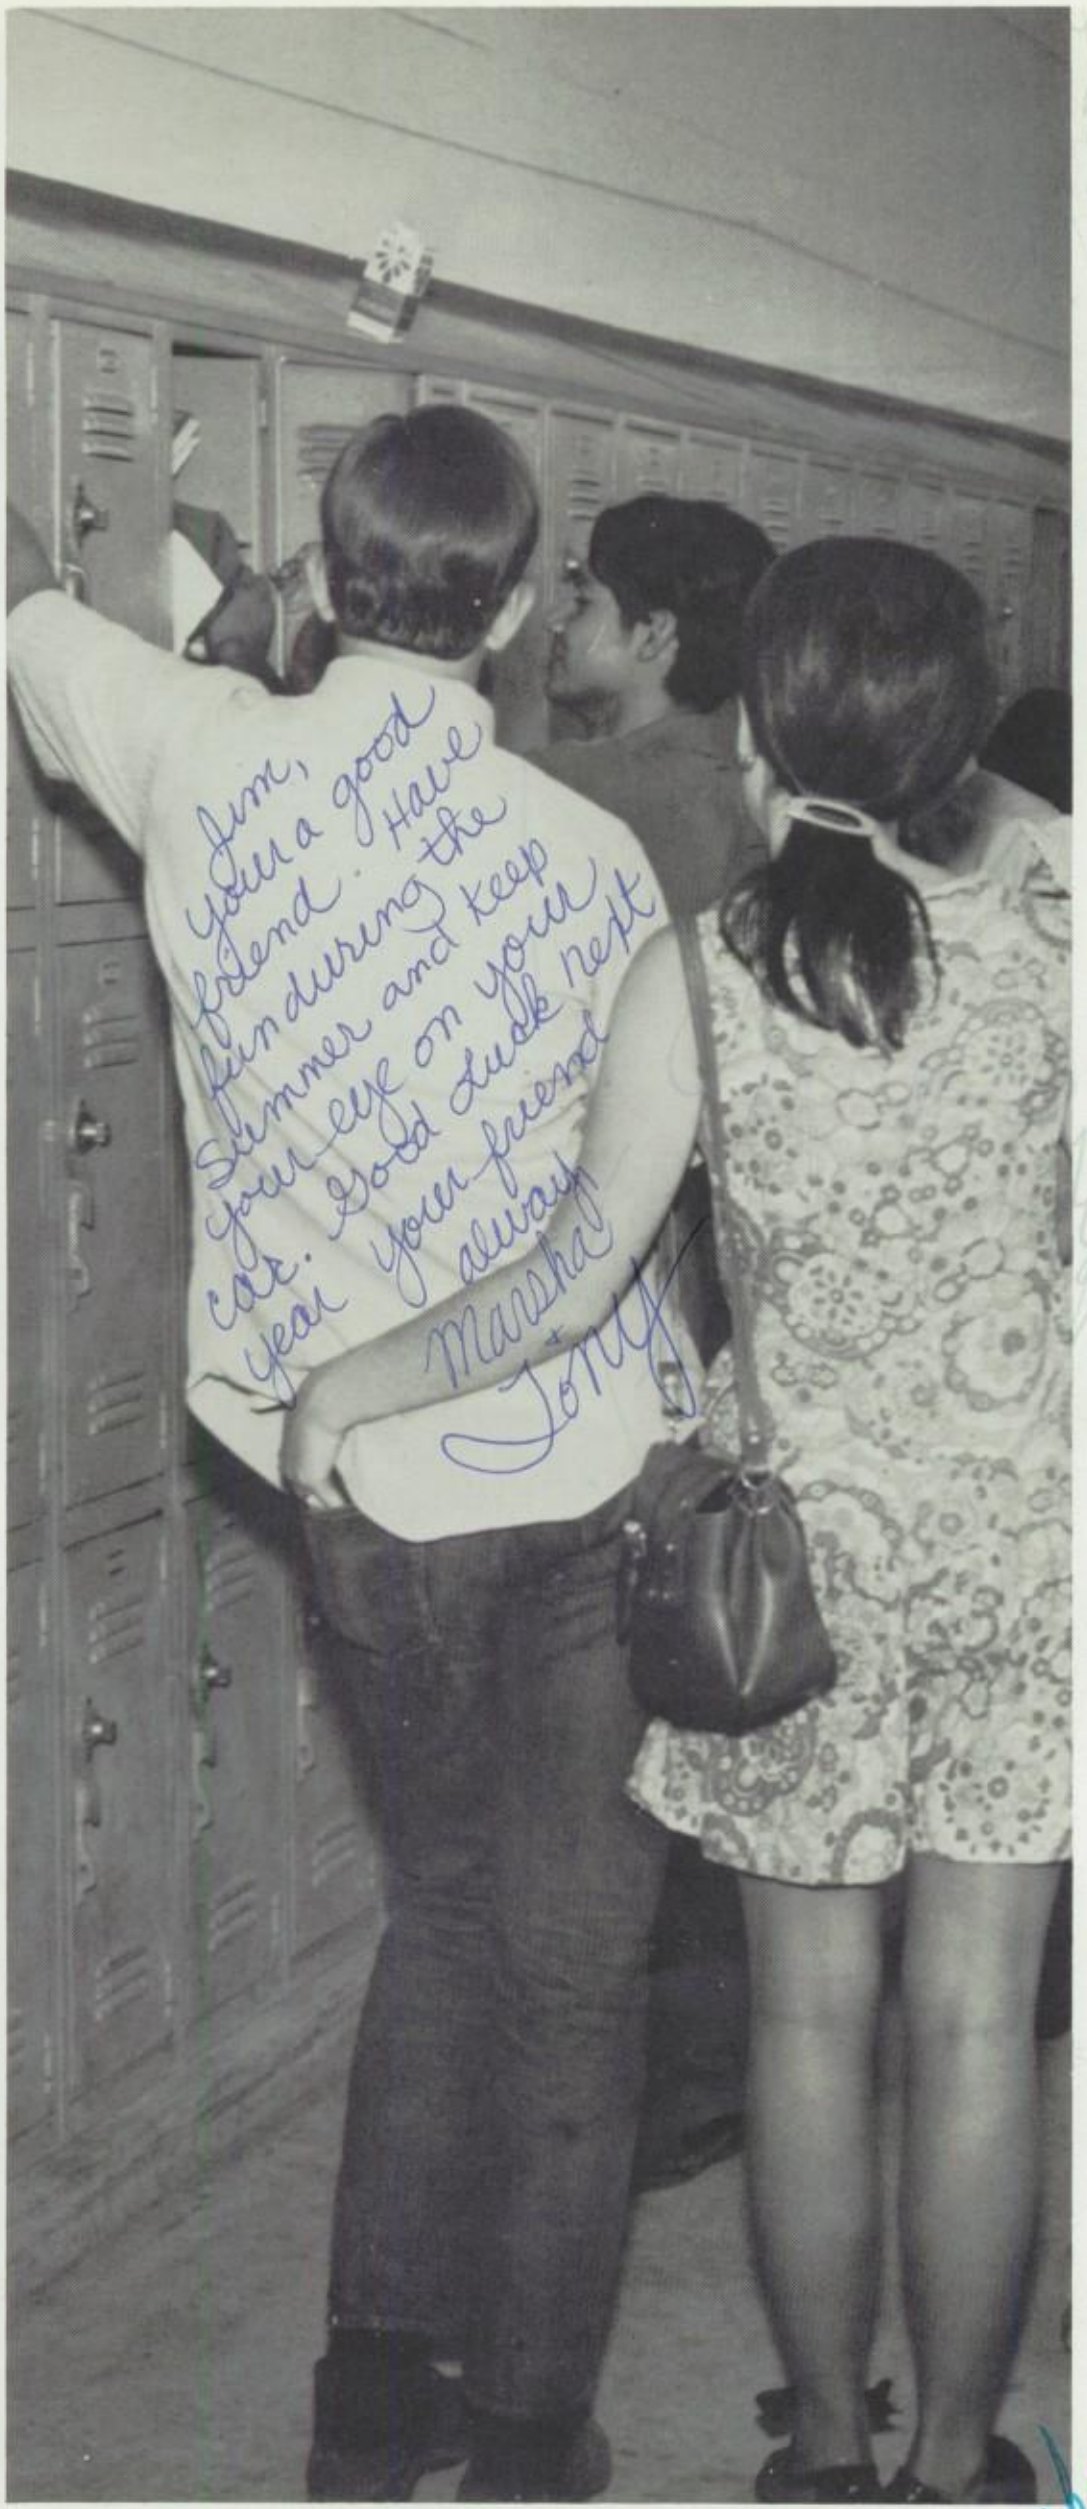
Volume X



Four years is a long time; many things can happen to a person in this span. High school comprises such a four-year period, offering each of us a variety of experiences. The classroom introduces us to some of the different areas of learning. Shop classes provide the tools and the training necessary to a career after graduation. Here, too, we learn from each other as well as from our teachers.



Campus life provides the happy memories that are part of high school. Friendships develop between us and our instructors. A faculty with a sense of humor and lots of school spirit really helps.

But high school is more than classrooms and study. The tired feet at the end of a drill team parade; the backstage work during the school play; the anxious moments prior to a football halftime show: these are also part of this past year at Pioneer.

Dedication

Annual Staff, on behalf of the Associated Student Body of Pioneer High School, wishes to dedicate the 1969 *Torch* to a man who has made himself known to students as a teacher, a coach, and a friend.

He was born in June, 1935, in Whittier, California. He graduated from Whittier High School and from there went to U.C.L.A., where he received his Bachelor's Degree and his teaching credentials. The University of Utah awarded him his Master's Degree.

His hobbies include back-packing, stamp collecting, and participation in all types of water sports. While attending U.C.L.A., he was a member of the water polo and the diving teams and in his senior year was Pacific Coast College Diving Champion.

He began his teaching career at Webster Junior High School in the Los Angeles City School District. In 1962, he came to Pioneer, where he has taught life science and chemistry and has coached the water polo and swimming teams.

Today, he and his wife, Joan, reside in Whittier with their two children, Jenifer and David.

This man has become known to students as a teacher who is extremely interested in, and excited by, his subject. To the members of his teams he is thought of as a coach who strives to achieve sportsmanship as well as excellence. In all that he has done, he has shown a deep concern for Pioneer and for us, the students.

In gratitude for this concern and for all that he has given to Pioneer High School, the 1969 *Torch* is respectfully dedicated to

Mr. Hal Reid

District Administrators Provide Able Leadership in Dr. Holloway's Last Term

Every job requires a leader, someone to provide a plan and sense of direction. Such is the responsibility carried by the district administrators. These men make the important decisions which affect the populations of the seven high schools in the district. Mr. Wineinger is responsible for staffing the district schools with competent teachers and administrators. Mr. Fisher draws up the budget for the district and then makes sure the best materials are purchased. Mr. Hobson works with department heads from the various schools, planning the new courses and new approaches to education characteristic of today's schools.

The efforts of these three men fall under the direction of the Superintendent, Dr. Heber Holloway.

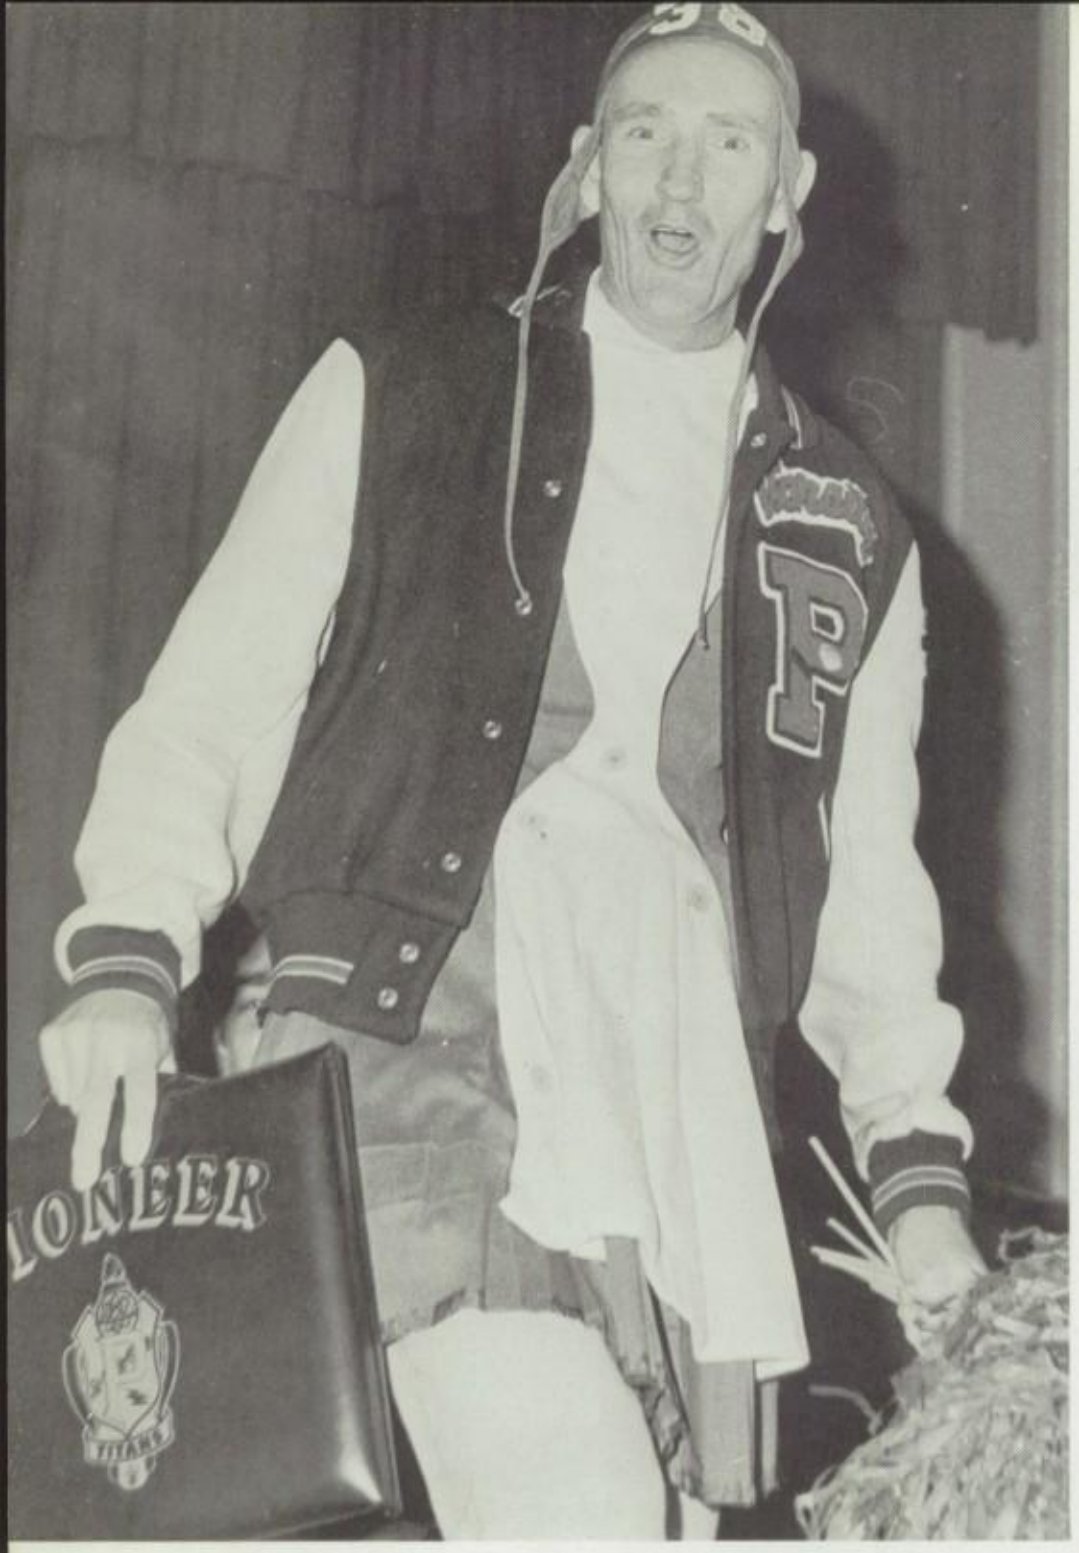
The present school year marks the last term that Dr. Holloway will serve as Superintendent of the Whittier Union High School District. He has served in this position since July, 1958, when he was promoted from Assistant Superintendent. Dr. Holloway has served the district as teacher and administrator since 1935, the year he began his career as a Business Education teacher at Whittier High School. During Dr. Holloway's term as Superintendent, three high schools were constructed in Whittier, including Pioneer.

Seated: Dr. Heber Holloway, Superintendent. *Standing*: Mr. Earle Fisher, Assistant Superintendent, Business Services; Mr. Arthur Hobson, Assistant Superintendent, Educational Services; Mr. Eugene Wineinger, Assistant Superintendent, Personnel Services.

Board of Education Serves Schools and Community

Whittier's Board of Education is dedicated to the constant improvement of the education offered in the district's schools. Publicly-elected to four year terms, board members serve without pay. They present the needs of the district's schools to the business community and evaluate the instruction offered in the classroom. Mrs. Macy and her staff also serve as a receptive audience for parents and community members interested in the affairs of the high school campus. Their hard work was stymied somewhat this year when a school bond issue was defeated in November. But the Board's continual search for new funds and new approaches exemplifies their dedication.

Seated: Mr. Romberg (vice president), Mrs. Macy (president), Mr. Garman (clerk). *Standing*: Mr. Marshall (member), Mr. McMahon (member).



Principal Mirrors Spirit, Interest in Student Body

Co-ordinating all the activities and events of Pioneer's tenth year, Principal Jack Jines was again a familiar figure on campus.

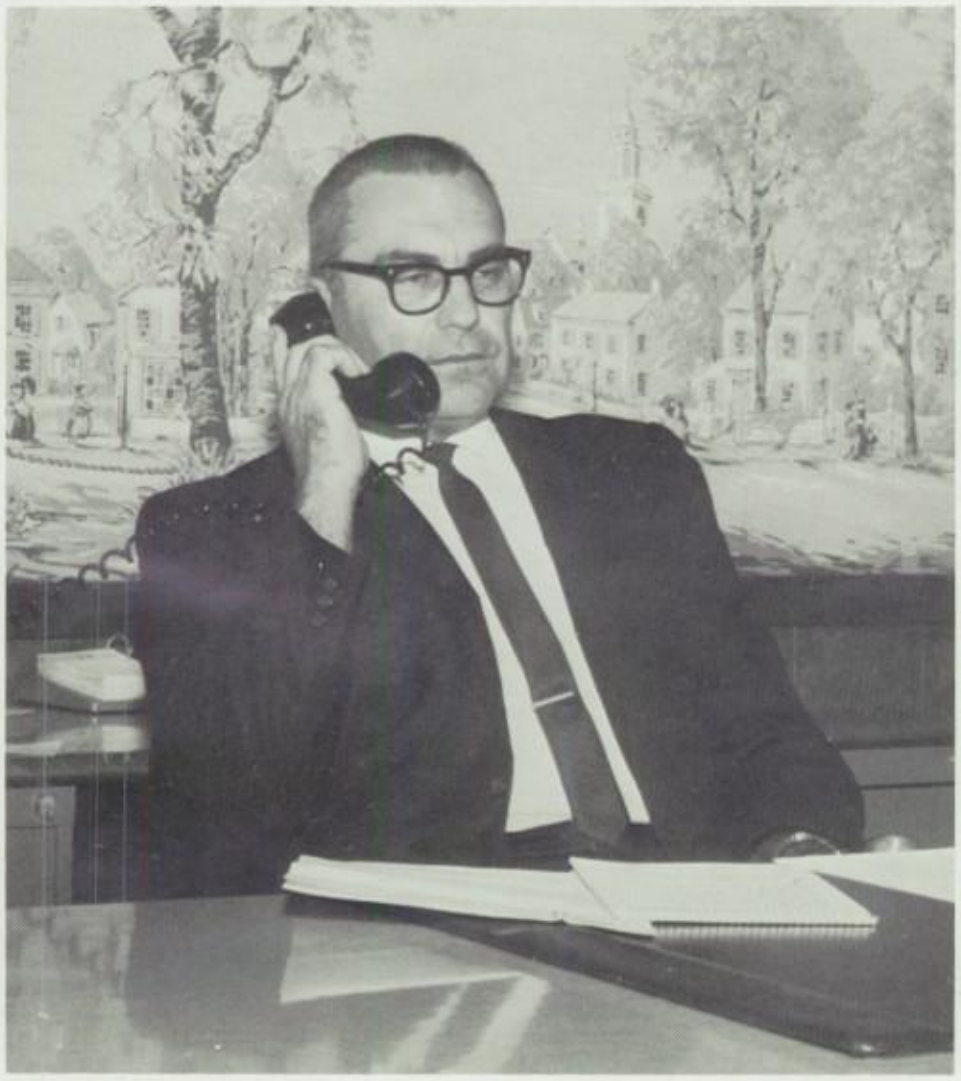
In an attempt to involve students more directly in school affairs, Mr. Jines organized a number of student-faculty discussion groups. Six or seven students and two faculty members comprised each group. These weekly sessions provided a chance for frank discussion about any issue a member wished to bring up.

Mr. Jines has been principal at Pioneer since its construction in 1958. He came to Pihi after teaching chemistry and physics at Santa Fe High in Whittier. He received his B.S. from Evansville College and his M.S. from the University of Southern California. Because he has been Pioneer's only principal, Mr. Jines has had a major role in guiding the school's growth and direction.

Two qualities which Mr. Jines possesses, his school spirit and concern for students, are visible daily. Whether appearing at the Homecoming Assembly as the "spirit of Titans passed," or talking with students on campus, Mr. Jines constantly shows that "he cares."

Assistant Principals

Jack Young, Assistant Principal, Business and Activities.



Bill Kirk, Assistant Principal, Guidance.

Jerry Haines, Assistant Principal, Curriculum.

Pioneer's three Assistant Principals worked to supervise important areas of high school life. All three were performing their particular duties for the first time.

Jack Young spent his first year at Pioneer in the Business and Activities office. He served in this same capacity last year at California High. Mr. Young had the often-complicated, always-hectic job of planning and co-ordinating all school events. He also met daily with the student cabinet as an advisor.

Bill Kirk moved up to become Assistant Principal in Guidance this year. He oversaw the entire counseling program, which this year was greatly expanded. He also conducted the annual College Night and was always available to talk with Titans who had problems.

Jerry Haines moved from the Business and Activities office to Curriculum this year. Evaluating Pioneer's teaching staff and devising new methods of instruction were his primary concerns.

Enlarged Counseling Staff Works Day and Night

Pioneer's Guidance Department spent its most worthwhile year, from the standpoint of the number of students counseled and interviewed. Bill Kirk served his first year as head of the department and his enthusiasm filtered through to the entire staff. Newcomers Bob Fiske and Mrs. Zane Thompson worked well with the "veterans": J. C. Low, Bob Braden, and Harry Armstrong. Dave Van Pelt filled the much-needed position of vocational counselor. The main responsibility of the counselors is to guide each Titan through his four years at Pioneer. This year's enlarged guidance staff began Monday and Wednesday evening counseling sessions in an attempt to better serve students and parents.

Mrs. Claudia Stambaugh and Mrs. Rita Adams did a magnificent job of handling the large amount of paperwork involved in the counseling process.

Bob Braden

Special Services

Grouped together under the imposing title of "Special Services," these four people handled important school business.

Mrs. Margaret Richards treated the bruises, aches, and pains suffered by Titans during the year.

Hal Reid, serving his first year as part of the school administration, worked with Jack Young in planning the numerous school events and assisted the A.S.B. Cabinet in conducting its business.

John Kimmick had a hand in planning curriculum and possible new class offerings for Titan students. He also served as a ready stand-in whenever a teacher couldn't make it to class.

Joe Hazzard was in charge of the school library. He helped students locate information and ordered all the new books Titans found on the shelves this year.

PTA and Teachers' Club Keep Parents, Faculty Informed

Pioneer has always been blessed with an active Parent Teacher Association. This year's group of active mothers was no exception. Better communication with parents and the improvement of student welfare were the primary goals of the Titan PTA. A monthly newsletter, the *Titan Tattler,* acquainted parents with the various events and important dates of the school year.

The Association sponsored the annual Back to School Night in October and College Night during the second semester. Back to School Night provided parents with the opportunity to follow the same schedule and meet the same teachers their children did. College Night informed interested parents about the requirements and expectancies of today's colleges and universities.

Voicing the wishes of Titan teachers to the administration was the primary function of the Teachers Club. Members are elected each year by faculty vote. Les Riggins served as this year's president and spearheaded a very active year. One of the major problems tackled by the Teachers Club was the question of period substitution. The club also helped the new members of the staff get off to a smooth start by providing suggestions and advice in a series of panel presentations. The Teachers Club sponsored the annual faculty get-togethers at the beginning and end of the school year.

Secretaries

Mrs. Beth Van Patten

Often overlooked and taken for granted, the Pioneer secretaries make a major contribution to the life of the school. The services these women provide make the school year run smoother.

Mrs. Beth Van Patten, Mr. Jines' secretary, handled the large volume of business entering that office daily. Mrs. Overholzer, school cashier, had the "pleasant" job of keeping tabs on all finances. Mrs. Sue Howell kept track of all school events for the Business and Activities office. Mrs. Audrey Clark kept track of all the audio-visual materials and distributed school supplies.

Roy Levario Steers Student Cabinet Through Busy Year

The Associated Student Body Cabinet met daily during first period to plan student activities, handle student body finances, and organize student government. They coordinated club and class governments and served as a liaison between students and administration. Delegating use of student finances and planning events for student participation and enjoyment were other duties of the cabinet.

The first major activity planned by the cabinet was homecoming, which took place in October. The cabinet was responsible for inviting alumni back to school, planning the annual Homecoming Assembly, and crowning of the queen.

Foremost among the events planned by the cabinet was the carnival, held early in March. Careful planning and hard work on the part of the cabinet helped to make the carnival a major money-raising event for the student body.

Other activities planned by the cabinet included the donkey basketball game, after-game dances, and student body assemblies.

Supervisor for the planning and carrying out of all student body activities was Roy Levario, Associated Student Body President. He presided at all meetings of the cabinet and served as the link between students and principals.

Mr. Young, Assistant Principal of Business and Activities, served as the cabinet advisor.

Cabinet Advisor Mr. Young and A.S.B. President Roy Levario discuss coming activities recorded on the Master Calendar.

The President, Vice President, Secretary, Treasurer, and Speaker of Congress comprise the Executive Cabinet. These five officers worked together to lead student government, through the cabinet. Their duties as the Executive Cabinet included general cabinet jobs as well as individual duties.

Vice President Dave Medina organized homecoming activities and supervised cabinet activities in Roy's absence.

Speaker of Congress Mark McCollum organized Congress, and served as a mediator between student representatives in Congress and the cabinet and administration.

Eva Bailon's job as secretary entailed recording of minutes at meetings of the cabinet and Congress, and carrying out of all student body correspondence.

As A.S.B. Treasurer, Susie Smith handled all student finances, presented disbursements to the cabinet, and supervised the sale of student body cards.

Student Body Government

Pep Chairman Jerri Clayton worked closely with the pepsters to create pep and spirit at Pioneer. She also organized, and was president of, the Pep Club, which painted banners and signs for games and decorated goal posts.

Student activities and entertainment were brought to Pioneer through the efforts of Assemblies Chairman Jim Todd and Activities Chairman Diane Herron. Jim planned both entertaining and educational assemblies for the students, including assemblies featuring the Marine Drum and Bugle Corp, and Hypnotist George Sharp. Some of the activities planned and carried out by Diane were: dances, the donkey basketball game, and the carnival.

Debbie Clevenger acted as a liaison between clubs and the cabinet, set up a schedule for club meetings, and took charge of the organization of Club Week.

An honorary member of the cabinet was Tertia Nagel. Foreign Exchange Student. Through participation in the cabinet, Tertia was able to gain firsthand knowledge about the workings of American government, after which student body government is patterned.

Jerri Clayton, Pep Chairman

The job of keeping Titans and the community informed of happenings at Pioneer fell to Linda Orozco and John Lopez. As Public Relations Chairman, Linda submitted articles to community newspapers. John, Publicity Chairman, painted signs and silk-screened posters to appear on campus, informing Titans of coming activities.

Promoting pep and spirit was the job of Head Song Leader Lydia Schindler and Head Yell Leader Chris Rodriguez. They collaborated with Jerri Clayton and the Pep Club, as well as with the other songleaders, yell leaders, and pepsters, in an effort to create a greater amount of spirit on campus. With the entire cabinet, they worked to increase spirit for, and pride in, Pioneer on the part of the entire student body. Lydia and Chris worked toward this goal through pep rallies, skits, and lively participation at football and basketball games.

Boys' and Girls' Leagues Sponsor Numerous Campus Activities

Virginia Robison, Girls' League President, and Joey Carrillo, Boys' League President, served as members of both the Associated Student Body Cabinet and of their own respective cabinets.

Joey and the other Boys' League Officers were a group representative of all boys on campus. Activities sponsored by the group included: a car inspection, an assembly featuring filmed highlights of the Los Angeles Rams in 1968, and the annual Boys' League Car Show.

Under Virginia's leadership, the Girls' League Officers planned numerous activities throughout the school year. These included: the annual Mother-Daughter Dessert in October; The Girls' League formal dance, "Shadows of Shalimar", which took place on January 25; and Titanette Review, the girls' dance-group show held in the spring. The Girls' League also sponsored a fashion show assembly featuring clothes from the Broadway Department Store in Whittier, modeled by Pioneer students.

Councils Serve Students and Guidance Office

An important aspect of student government is Boys' and Girls' Councils. The two groups form an important link between the Guidance Office and students in the areas of student dress, grooming, over-affection, and smoking. When a student is referred to one of the two groups, he is counseled and warned by the members of the Council. The student is warned three times before a report of the offense is entered on the student's permanent record in the Guidance Office.

Under the leadership of President Donna McNaughton and in cooperation with the Girls' League Officers, the members of Girls' Council assisted with Girls' League activities. Another duty was the choosing of a Girl of the Month.

Yearbook Staff Squeezes Forth Longest Torch

Working daily during sixth period, the *Torch* staff was responsible for producing the Titan yearbook. The final product of this year's staff is the longest *Torch* in Pioneer's history. Louise Usselman, editor-in-chief, wrote copy designed layouts, and supervised every portion of the work. Business Editor Suzi Bigham handled the bookkeeping involved in the advertising section and in the sales of the book. Associate Editor Cynthia Babb edited the Senior Section. Art Editors Glenda Ransom and Kurt Stockwell designed the cover and the divider pages. The various section editors worked with their respective staffs to gather and arrange the nine sections of the book. All this activity took place under the watchful gaze of Mr. Letcher, who served as faculty advisor of the book.

Newsstaff Chronicles Events and Opinions

Under the direction of Mr. Harry Robertson (advisor) and Linda Orozco (editor), Newsstaff undertook the publication of the school newspaper, the Titan Tribune. Published every two weeks, the paper contained news concerning Pioneer, and editorials and columns written by members of the staff. The four-page Tribune was expanded to six pages for the Homecoming and Christmas issues.

Participation in Newsstaff acquainted the students with the fundamentals of journalism. Gathering information for stories, writing stories, and composing and pasting up pages gave students insight into the workings of a city newspaper and other major journalistic publications.

Assisting Linda in the job of editing the paper were: Michele Wilson (Co-Editor and News Editor), Cherie Sutton (Editorial Editor), Maria Zozoya (Feature Editor), and Richard Malcolm (Sports Editor). Bernard Ruhnke was the staff photographer and Nancy Urtusuastegui served as cartoonist.

The girls also made and distributed tags cheering the teams on to victory.

Homecoming Memories, 1968

Homecoming 1968 involved weeks of preparation and culminated in the crowning of Gloria Esparza as Queen on Friday, October 11 during half-time of the La Mirada game. The selection of the queen and her court followed a rather complicated process. The Varsity Club and the Senior Class Council each nominated twelve girls for queen. The two groups then met to name twelve of the twenty-four girls as semi-finalists. The senior class then chose six of the semi-finalists to reign as the court, and the student body elected Gloria queen. Tertia Nagel served as an honorary princess.

On Homecoming Day, alumni returned to Pioneer and visited old friends and teachers. The court was presented to the alumni and the student body at the annual homecoming assembly, after which the voting for queen took place. After the football game, the Homecoming Dance was held for students and alumni.

In the picture *at right,* Queen Gloria receives her roses and prepares to express her appreciation to the crowd. In the photo *below, middle*: Gloria expresses shock at the moment she is announced as queen. *Below*: Queen Gloria and her escort John Lopez dance at the Homecoming Dance. Assembly Schedule Provides Variety; Klinker Included

During the 1968-69 school year, Assemblies Chairman Jim Todd provided Titans with a varied program of entertainment. Traditionally, the Homecoming Assembly begins the year, welcoming Titans present and past. Noted explorer John Goddard made two visits to Pioneer this year, the second coming on April 28. Between these two events came assemblies featuring the Pacific Fleet's Marine Drum and Bugle Corps; Zeno Klinker, with his aviation films and commentary; hypnotist George Sharp; and the "pop" recording group, The Match.

Liza makes a grammatical error, thus shocking the "proper" Eynstord Hills. In bottom photo, Mrs. Pierce explains the function of a bathtub to Liza.

"Pygmalion" was presented by Titan thespians, under the direction of George Whatley, in the school cafetorium on November 22 and 23. Mindy Dixon, Richard Morrill, and Bernard Ruhnke played the leading roles of Liza, Henry Higgins, and Colonel Pickering. Supporting actors included: Cindy Tewes, Clara; Taffy Tewes, Mrs. Eynstord Hill; Sue Hucklebury, Mrs. Higgins; Bruce Petrell, Doolittle; and Jim Todd, Freddy.

Titans Transported Back Into the Exotic "Shadows of Shalimar"

On January 25th, the Girls' League formal dance was held in the Tital Ballroom. The boys' gym was transformed into an Indian garden for the theme, "Shadows of Shalimar." The Indigos provided music for dancing. A cartoonist and a fortune teller provided additional forms of entertainment.

Girls' League has traditionally been an affair at which the girl invites the boy. She provides the tickets and the dinner and the boy pays for all expenses after midnight.

Glass beads and potted plants form the entrance to the refreshment area.

Teenage Girls Swoon, Conrad Birdie Croons, in Spring Musical "Bye Bye, Birdie"

Pioneer's spring musical, "Bye Bye, Birdie," was presented in the Whittier High School auditorium on Friday and Saturday, March 14 and 15. The production was the result of two months of studying and rehearsing under the direction of George Whatley, drama coach, and Ken Orr, music director. "Bye, Bye, Birdie" was the most unusual stage production in Pioneer's history. Two separate casts played the major roles in the musical, one cast performing Friday night and the other Saturday evening. Shelley Parness and Taffy Tewes portrayed Mae Peterson, Diane McKain and Sheryl Newby played the part of Rose Alvarez, and Cindy Tewes and Mindy Dixon portrayed Kim MacAfee. Jim Todd played Albert Peterson, and Jim Shubin portrayed Conrad Birdie, on both Friday and Saturday nights.

Mr. MacAfee, Kim, and Mrs. MacAfee are overwhelmed when Albert Peterson tells them they are to appear on the Ed Sullivan Show (upper left). Albert Peterson looks on as a reporter interviews Conrad Birdie at the railroad station just prior to his departure for Sweet Apple (upper right). The teenage girls of Sweet Apple scream in ecstacy and then faint as Conrad Birdie serenades them (above). At right, the teenagers of the town dicuss the excitement of Kim MacAfee's "going steady" with Hugo Peabody. Carnival Turns Campus into Land of Rides, Cotton Candy

On the first weekend of March, Pioneer's second annual carnival exploded the parking lot into a mad whirl of excited people and thrilling rides. Various booths and games lined the Titan midway. Attractions ranged from a dunking booth, to face-painting, to a sit-down Mexican dinner. Stark and Son's Show joined with many of the campus organizations to make this a successful fund-raising activity.

Throughout the weekend crowds were continually drawn to the festivities, managing to keep all those involved busy. Faculty members joined students in running the many games and booths.

Art Shows Display Student Creations

The Fine Arts Show and the Industrial Arts Show are annual events which take place late in the spring. The purpose of the two shows is to exhibit the variety of Titan artwork. The displays were organized and set up by faculty members of the Industrial Arts and Fine Arts departments, and by students in those departments.

All entries in the Fine Arts Show were original ideas made entirely by Pioneer students. Entries were classified into several areas. The areas of classification included: freehand drawing in pencil and other media, painting, prints, advertising design, and ceramics. Also included in the show was a photography display. Entries in the show were judged by art experts from the community and from other schools in the area. Four awards were given in each category.

The Industrial Arts Show spotlighted the practical skills learned in metal shop, woodshop, and glasswork. The show featured student projects in each of these three areas.

Sophomore Azeneth Escobedo and her mother admire student-created ceramics and artifacts displayed in the Fine Arts Show.

Seniorettes Train for Careers as Kitchen "Queens"

Seniorettes is a club which gives Titan girls the chance to further the study of homemaking. Open to all senior girls, its purpose is to prepare the girls to be future homemakers.

The club met every other Monday to discuss the latest innovations in the field of Home Economics and to listen to guest speakers who were experts in that field. Their activities included a field trip to Lawry's factory in Los Angeles.

Seated: Jeanne Whitcomb (treasurer), Kathy Marquez, Debbie Heilig (vice president), Linda Garcia, Sylvia Ontiveros, Peggie Leicht. *Standing*: Cheryl Keller, Patti Hoferer, Lynne Busse, Donna Dear, Mrs. Beatrice Gonzales (advisor), Robin Wilson (president), Cindy Clemens, Berna Storey.

Chess Club Checkmates Competition

Chess Club provided an opportunity for chess buffs to play together to improve and perfect their game. It also was open to novices who wished to learn how to play the game correctly.

The club participated in tournaments with other schools in the area. Five top members from the team met the top players from the opposing school. One point was awarded to the winner of each game. At the end of the eight-match tournament, the team with the greatest number of points was declared the winner.

EWEE Provides Preview of Career Opportunities

Exploratory Work Experience Education was a program carried out through the guidance office under the direction of Dave Van Pelt, Vocational Counselor. It provided career guidance for interested students by giving them an opportunity to observe a career first-hand. Through the program, a student chose an area in which he was interested and spent time observing or participating in the occupation somewhere in the community. The program was established by the Whittier Union High School District in co-operation with businessmen and professional men from the area. Titans investigated the fields of teaching, pharmaceutical work, nursing, dental assistance, and police science.

Concert and Cadet Bands Blend Musical Talents

Concert and Cadet Bands were a major part of the music program at Pioneer. Cadet Band provided training for beginners and less-experienced musicians. Concert Band included more advanced playing. This group entertained the community and the school at numerous concerts throughout the year.

Both groups participated in an early spring concert presented in the Little Theatre of Rio Hondo Junior College. They also took part in the Whittier Union High School District Music Festival later in the year.

Cadet Band, front row: Kim Beckley, Rosemarie Ramirez, Randy Corley, Connie Schroeder, Gayle Mays, Nancy Lobnow, Judy Lilly, Dale Nisseson, *Second row*: Rick Rodriguez, Lorraine Lopez, Frank Murphy, Barbara O'Meara, Teri Meinke, Richard Dismukes, Mark Wilson. Art Club Conducts Christmas Sale, Valentine's Dance

Art Club is a special interest club open to all students who wish to join. The club's purpose is to provide enjoyment for those interested in art. They worked to raise money to finance field trips and other art club activities.

Art Club's entry in club week competition won them first place and twenty-five dollars for their account. They held their annual Christmas sale in December and added more money to the treasury.

Another annual art club-sponsored event was the Valentine's Dance, which took place on Saturday, February 15. Proceeds from this and other art club money-raising projects helped to finance field trips, which included a visit to the Smothers Brothers Show.

Barbara Godart put the finishing touches on her vase as Art Club members Terry Pineda, Kathi Marquez, and Sylvia Ontiveros look on approvingly.

Publicity Club Advertises Titan Activities

Publicity Club members, from left: Roy Levario, Alex Torres, Shannon McDermott, Dan Martinez, Irene Pena, Marion Reynoso, Joey Franco, John Lopez.

Publicity Club had the responsibility of keeping Titans and the community informed about all campus activities. Working under Publicity Chairman John Lopez, they put in many hours of hard work painting signs and banners, and making posters. They provided publicity for football games, basketball games, dances, and special activities, including the Pioneer carnival. The club worked closely with advisor Robert Campbell and the Titan Print Shop.

Auto Club members, from left: Bill Stevens, Gibby Garcia, Randy Ward, Lou Godinez, Bill McKenzie, Ken Jackson, Bob Schiller, Mario Alvarado, Larry Myrtue, Lou Ramos, Ken Lovelady, Dave Spaur, Bill Schertz, Mike Fogle, George Vasquez, Bob Roth, Larry Stahlecker, and Charles Black, Advisor.

Auto Club Accelerates Interest in Engines

Auto Club met weekly to give interested boys an opportunity to learn more about car maintenance and repairs. The club worked on cars belonging to club members and other Pioneer students.

Auto Club worked with the Boys' League officers on the annual car show. Through the combined efforts of the two groups, the car show was much larger than ever before and was held at night in the stadium.

Photo Club Develops Real "Negative" Outlook

Membership in photo club is open to any student interested in photography. A member need not be enrolled in a photography class to participate in club activities. Dues of fifty cents per semester were charged and the money was used to purchase different types of photo equipment for use of the club and the photography department.

The club took field trips during the year to provide subject matter for pictures. They visited Griffith Park during the first semester, and went to Universal Studios on February 18th.

Industrial Arts Club Explores Various Subjects

Industrial Arts Club gave boys the opportunity to explore the various areas of the field. They studied and worked in an area more extensively than they did in their regular industrial arts classes. Club members worked with the machinery involved in the various phases of industrial arts, which include: woodworking, metalworking, mechanical drawing, drafting, and printing.

Members of the Industrial Arts Club were major contributors to the Industrial Arts Show. The show is held annually in conjunction with the Fine Arts Festival and exhibits the various artifacts created by the department.

Expanded Horizons Club is Very Large, Very Active

The Expanded Horizons Club is the largest, and by far, the most active organization on campus. The club serves the purpose of making students aware of the various recreational, vocational, cultural, and educational opportunities available in our state. Al Ramos teamed with George Mora this year to plan and coordinate the club's many activities.

Club members spent a busy summer attending a host of various events and places. Trips to the Ford Motor Company plant, KNX Television studios, Griffith Park Planetarium, Knotts Berry Farm, the San Diego Zoo, Western Airlines, Dodger Stadium, Lake Arrowhead, the Langendorf Bakery, and Yosemite National Park were just part of the club's program this year.

The club received active support and financial backing from many of the companies in the area who recognized the worth of its many activities. Parents of club members also took part in many of the outings and trips.

German Club Delves into Deutschland

German Club congregated every second Friday to provide greater knowledge about that country and to promote interest in its language. Club meetings, centered around discussions of Germany, often were carried on in the language. Also featured at club meetings were German films and slides of the country taken by the club's sponsor, David Lee.

The club joined other German clubs in the Whittier Union High School District for a field trip featuring a German movie and dinner at a German restaurant.

Creative Writing Club: Forum for Young Writers

Creative Writing Club met weekly to give students the opportunity to practice their writing skills. Requirements for membership were: attendance at three of four meetings per month, and submission of a minimum of two original compositions per month.

The club attended plays and movies to aid in developing creative ideas and to provide subject matter for compositions.

The club published a paper containing stories and poems written by Pioneer students.

Activities Club Just That: Active

Activities Club was a service organization which helped to plan and carry out the operation of all Associated Student Body dances and special activities on campus. Open to any Titan willing to donate time and effort, the club played a major part in the success of Pioneer's activities program. Some of the duties undertaken by the members were: decorating for dances, painting signs, and selling refreshments at dances. They also helped the Associated Student Body Cabinet by working in that group's booth in the carnival.

Activities Club members Rose Anderson, Diana Koch, and Ruth Miller discuss plans for the homecoming dance with President Diane Herron, seated.

Pep Club Keeps the Spirit Level at the "Full" Mark

Pep Club is devoted to the promotion of spirit and pep on the Pioneer campus. Members worked towards this goal in many different ways this year. Included in club activities and projects were: Painting pep signs for football and basketball games, decorating the goal posts for football games, decorating for homecoming, and selling pep items at games. Club members were also a lively part of the cheering section at football and basketball games and pep rallies.

Thespian Society: Haven for the Stage-struck

Thespians is an honorary, nationwide dramatic society. Students must amass a total of ten points to be eligible for entrance into the group. Points are earned by participation in production as an actor or actress, or as a prop man or stage crew member.

"Pygmalion", the "My Fair Lady" story, was presented by the Thespians and the drama department in the fall. They sponsored a One Act Play Festival on February 7 and 8, in which four plays were presented. The Thespians, the drama department, and the music department joined talents to present the spring musical, "Bye, Bye Birdie."

The Thespians also journeyed to Universal Studios to see the filming of the TV show, "The Dating Game." They perfected their own acting ability by viewing that of professionals in various movies and films.

Two banquets were held by the Thespians during the year. The initiation banquet kicked off the new school year. At the end of the year, they held an awards banquet, at which the Thespian trophies, "Georges," were given out.

International Club Has World for Subject

Promoting international cooperation and raising money for the American Field Service program were the major objectives of the International Club. The club, which is open to all Pioneer students, worked closely with Pioneer High School's adult chapter of the AFS. This program provided the opportunity for a foreign exchange student to attend Pioneer, and for a Pioneer student to spend the summer or school year in a foreign country.

Money-raising activities sponsored by AFS and International Club included a pancake breakfast and the annual Harlem Clowns basketball game. Members of the club sold tickets and provided publicity for both events. In addition, they helped serve food at the breakfast and sold refreshments at the basketball game. The club also raised funds by sponsoring a booth in the Pioneer Carnival.

Through the efforts of International Club and AFS, Tertia Nagel from South Africa attended Pioneer.

Eight Seniors Earn CSF Life Membership for Scholarly Efforts

Eight graduating seniors will receive Gold Seals on their diplomas. These seals symbolize attainment, during the first semester, of life membership in the California Scholarship Federation. With an "A" worth three points and a "B" worth one point, applicants must earn a minimum of ten points per semester to join CSF. To be graduated Gold Seal, these seniors had to belong to CSF for six semesters, including a semester in the senior year. The small number of seniors so honored is tribute enough to their accomplishment.

Senior Eva Bailon Receives DAR Award for Outstanding Citizenship

The Daughters of the American Revolution Award is a citizenship award given annually to a deserving senior girl. The honoree is chosen by fellow students and members of the faculty. Seniors nominate girls for the award, and then vote on the nominees, selecting the one whom they feel has shown the best example of good citizenship. The counselors are given the names of the three girls receiving the most votes, and choose the honoree from among them. This year the award was presented to Eva Bailon.

Deserving Grads Honored by Bank of America

The Bank of America Awards are presented annually to members of the graduating class who have made outstanding achievements in certain fields. To qualify for an award, a student must have taken enough courses in a particular field to constitute a major. Faculty members nominate deserving students in the various areas, and the Guidance Office makes the final choices.

Award winners in general fields are: Eva Bailon, Fine Arts; Diane Herron, Liberal Arts; Kathy Fuller, Vocational Arts; and Barbara King, Mathematics and Science.

Seniors who received awards in specific fields are: Terry Steele, Mathematics; Steve Holgate, Laboratory Science; Donna McNaughton, Music; Karen Stabile, Art; Diane McKain, Drama; Peggie Leicht, English; Susie Smith, Social Science; Sandy Van Daalen Wetters, Foreign Languages; Emma Martinez, Business; Marsha Bowman, Home Economics; and Richard Aldrich, Trade and Industrial Arts.

Seated: Diane McKain, Donna McNaughton, Karen Stabile, Emma Martinez, Marsha Bowman, Susie Smith. *Standing*: Terry Steele, Steve Holgate, Richard Aldrich.

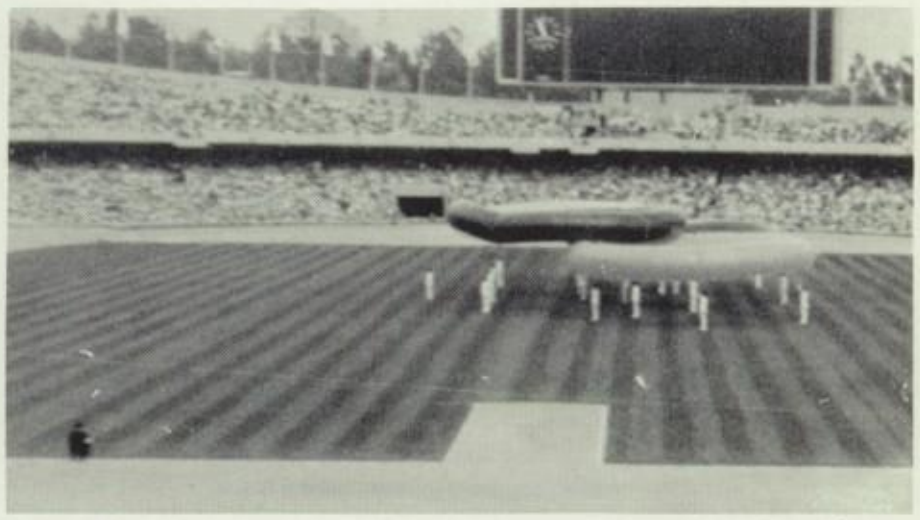
Titan Swimmer Represents USA at 1968 Olympic Games

Pioneer was honored this year when Junior Kim Brecht was chosen a member of the 1968 United States Olympic Team. Kim was an alternate on the women's swimming team which represented the United States in the Olympic Games in Mexico City in October, 1968.

Kim's Olympic training began three years ago with daily practice sessions often lasting five hours. The countless hours of practice paid off in August, 1968, when Olympic tryouts were held at the Los Angeles Swim Stadium and Kim qualified as an alternate.



On the field at Mexico City, the Olympic Rings symbolize world fraternity in athletics.

Principal's List is a group of students honored for high scholastic achievement. To qualify for the Principal's List, a student must have earned no achievement grade lower than a "B" and no citizenship grade lower than an "S". The Principal's List is posted in the main office at the end of each semester in order to give recognition to Pioneer's dedicated students.

Titans Legislate, Debate at Boys' and Girls' State

Girls' and Boys' State are held annually for one week during the summer. In 1968, Eva Bailon was Pioneer's representative to Girls' State in Sacramento, and Kurt Stockwell, Richard Lauterio, and Gary Easley were Boys' State Representatives. They joined 600 other high school students in their respective locations to experience government in action.

The programs are sponsored by the American Legion and the American Legion Auxiliary to help students learn about the political structure of our state.

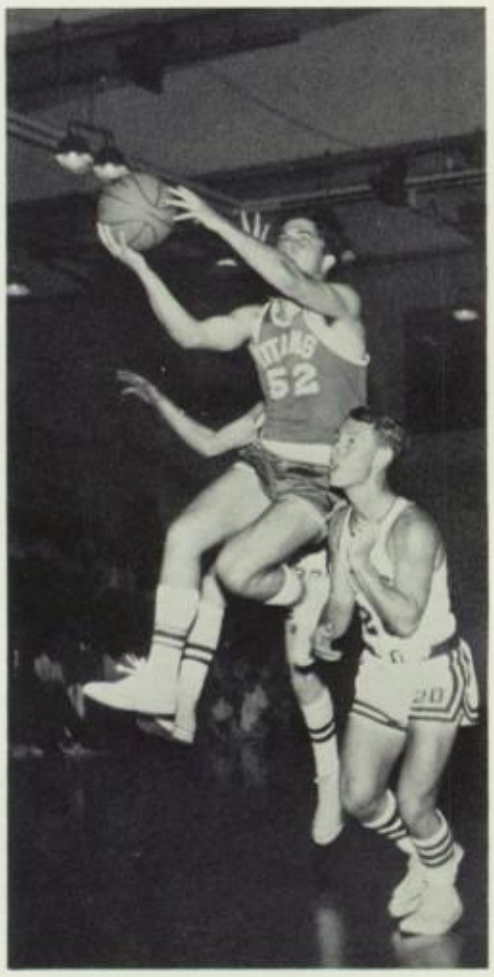
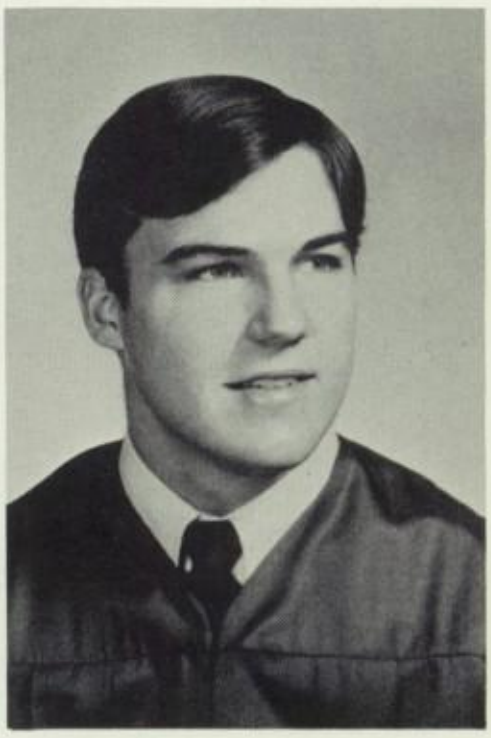
Senior Athlete of the Year

Senior Athlete of the Year is the highest accolade a Titan athlete can receive. The coaches vote annually to pick the Titan who has contributed the most to Pioneer athletics that year. Senior Athlete of the Year for 1968 was Doug Redican.





Tertia Nagel: Honored Guest

Through the efforts of the International Club and Pioneer's adult chapter of the American Field Service, Pioneer was fortunate to have Tertia Nagel as a foreign exchange student during the school year. Tertia came to Pioneer from South Africa.

Tertia participated in numerous activities at Pioneer. She was a member of the drill team and of the chess club. She was an honorary princess in the homecoming court. Tertia spoke at the welcome assembly and also participated in the Christmas assembly.

Pioneer was able to send Chris Gilbert to Denmark as an exchange student. Barbara King was also chosen as a finalist, but due to lack of housing was unable to go abroad.

Senior Class Officers and Council Very Successful at Raising Money, Hosting Events

The senior class officers worked during the school year to raise funds for their senior gift to Pioneer. They also sponsored a number of traditional senior activities.

A battle of the bands held during January was the major money-raising project undertaken by the council. The district-wide dance was the third annual Battle of the Bands to be sponsored by the class of 1969. Members of the council spent many hours contacting bands and working on publicity to make the activity a financial success. The council also sold programs at the car show and sponsored a booth at the carnival to raise additional funds.

The Senior Class Council had an important part in choosing the homecoming court. They and the Varsity Club had the responsibility of choosing the twelve semi-finalists.

The officers and council members organized the traditional Senior Mothers' Tea which was held in April.

Senior Class Activities were planned and carried out under the leadership of the officers: President Bob Schiller, Vice President Gary Easley, Secretary Debbie Boice, Treasurer Cynthia Babb, and Social Chairman Gwen Scifres.

Fall Sports

Titans Join New League, Find the Going Rough

This season Titan football moved up to the strong 4-A division of the CIF. The "Green, Black and White" also joined the new Whitmont League and began football rivalries with high school powers Montebello and Whittier. The 1968 Varsity footballers provided Titans with some thrilling moments, despite a poor record.

The team opened the season against a Calhi team that later captured its league title. Traditional rival Santa Fe staged a second-half comeback to hand the Titans their second defeat. The next two games marked the high point of the season. The varsity began to show some power in fighting Norwalk to a draw, and then returned the following week to defeat La Mirada. The traditional homecoming game provided the setting for the lone win of the season. Three goal-line stands by the Titan defense provided the margin of victory.

Whitmont League play opened with a disappointing loss to arch-rival La Serna. The remaining four contests saw strong competition and key injuries dash any hopes for a successful season.

SEASON'S RECORD

Four Titans Receive All-Whitmont League Accolades

Joey Carrillo and Tim Branham lead the varsity onto the field against La Mirada.

Four members of the Titan varsity were selected to the Whitmont All-League team for 1968-69. Joe Carrillo was named to the first team as a defensive back. Joe climaxed three successful seasons of Varsity ball by serving as one of the Titan captains. Three other gridders also received Honorable Mention on the All-League team. Offensive center Tom Anderson was rewarded for his outstanding interior line play. Backs Phil Cota and Greg McMahan also impressed league coaches enough to be accorded similar honors. All four of these outstanding athletes graduate this year, but Titan fans will long remember the thrilling moments these players provided.

Bees Barely Miss Whitmont Title, Finish Strong Second

The 1968 Bee football team continued the Bee tradition of never having had a losing season. This year's team was a well-balanced outfit, matching a reliable offense with a stout defense. Because of the team's depth, most of the players saw action during the season.

As the season progressed, the Bees showed steady improvement. The team played its finest game against the strong Montebello Oilers. After the convincing win against Montebello, the Bees suffered a letdown and dropped a close game to Whittier, depriving them of the Whitmont title.

Ed Tanori, Frank Bencomo, and Dick Watt served as captains for the predominantly sophomore squad. Coach Pollock summed up the season by saying that team dedication, rather than individual effort, was the Bee trademark.

Varsity Water Poloists Drowned by Leaky Defense

This year's Titan water poloists suffered through a season producing few victories. The varsity was led by Marvin Wagg, captain and Most Valuable Player. Gary Nazaroff and Pete Costabile produced most of the Titan points, scoring 32 and 19 goals, respectively. The varsity found it relatively easy to score, as the season's record shows. But a lack of defense proved to be the key to the disappointing season. The varsity tankmen scored enough points to win most of their games, but they also allowed more goals than a winning team can give up.

Varsity Cagers Grab Second; Four Players Receive Honors

1968-69 was a season of the "almost" for the Varsity basketball team. A one-point preseason loss to the powerful Muir Mustangs in overtime was an early indication of the type of season it would be. The team failed to capture the Whitmont title by losing the first round game to Whittier, a loss avenged later in the season. Finishing second in the league behind the Cardinals, the team gained a CIF Playoff berth against Long Beach Poly. The Varsity battled the heavily-favored Jackrabbits on even terms for the entire game before suffering a two-point defeat.

At season's end four members of the Varsity were honored by being selected to the Whitmont All-League Team. As a tribute to his deadly shooting and full-court hustle, senior forward Danny Alcaraz was named the league's Most Valuable Player, and was later named to the All-CIF Third Team. Alex Terrazas joined Alcaraz on the All-League First Team, while guards Dan Garcia and Earl Crawford were accorded league Honorable Mention.

Coach Moriarty's sharpshooters made-off with three preseason tournament titles: Whittier, Mark Keppel, and Bell Gardens. Overall, the team compiled a 26-1 record, their only loss a 3-point defeat by Calhi.

Titan golf prospects looked more promising than ever in 1969. Coach David Lee's optimism centered around the play of his five Varsity divotmen. At presstime, the team was 2-1 in their preseason matches.

Mike Rosen was the team's best all-around performer. His twin brother, Al, showed the most improvement over last year's play. Rick Canzoneri was the best iron player, while Mike Dong combined the title of "smallest player" with that of "most consistent."

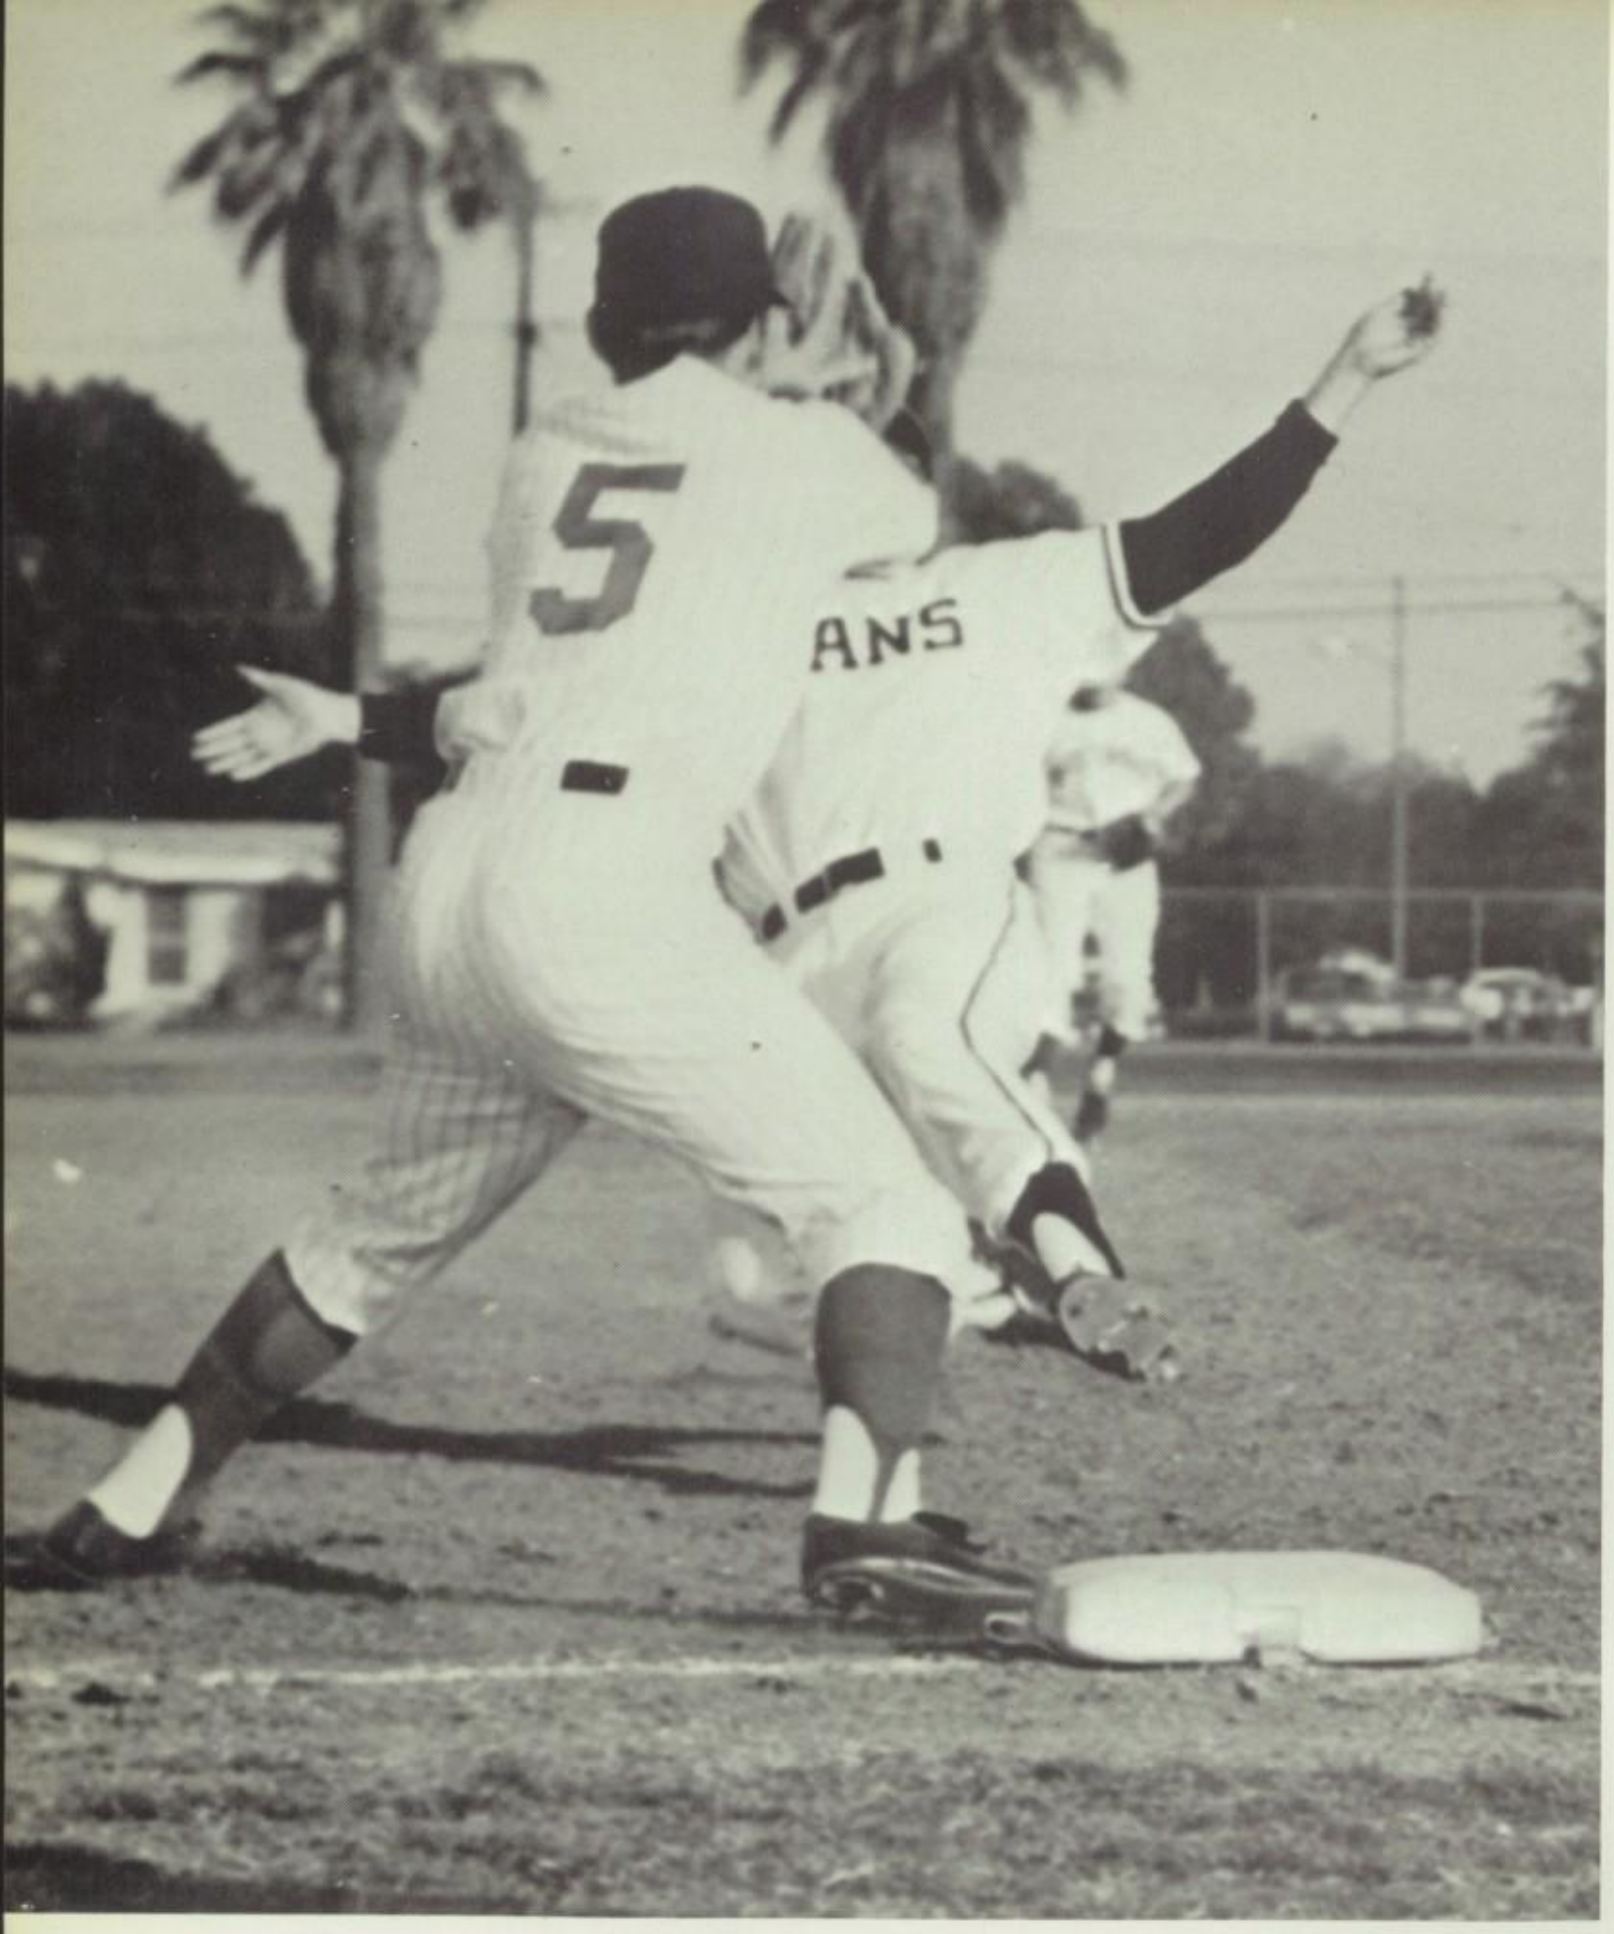
Varsity



In a close play, Larry Dickey is about to be tagged "out" taking third against Monte Vista.

Coming off a 2-3 preseason, the Varsity horsehiders optimistically entered the Whitmont League season. At presstime, the team was 3-2 in league play.

Constant hustle and a dependable defense were the trademarks of this year's Varsity. Rod Bryant shared most of the hitting load with Joey Carrillo. Alternating between shortstop and starting pitcher, Carrillo pitched the Titans to their league victories over Monte Vista, Sierra, and Whittier.

Inexperience at the Varsity level helped the Senior-dominated team drop their first round league games with La Serna and Montebello.

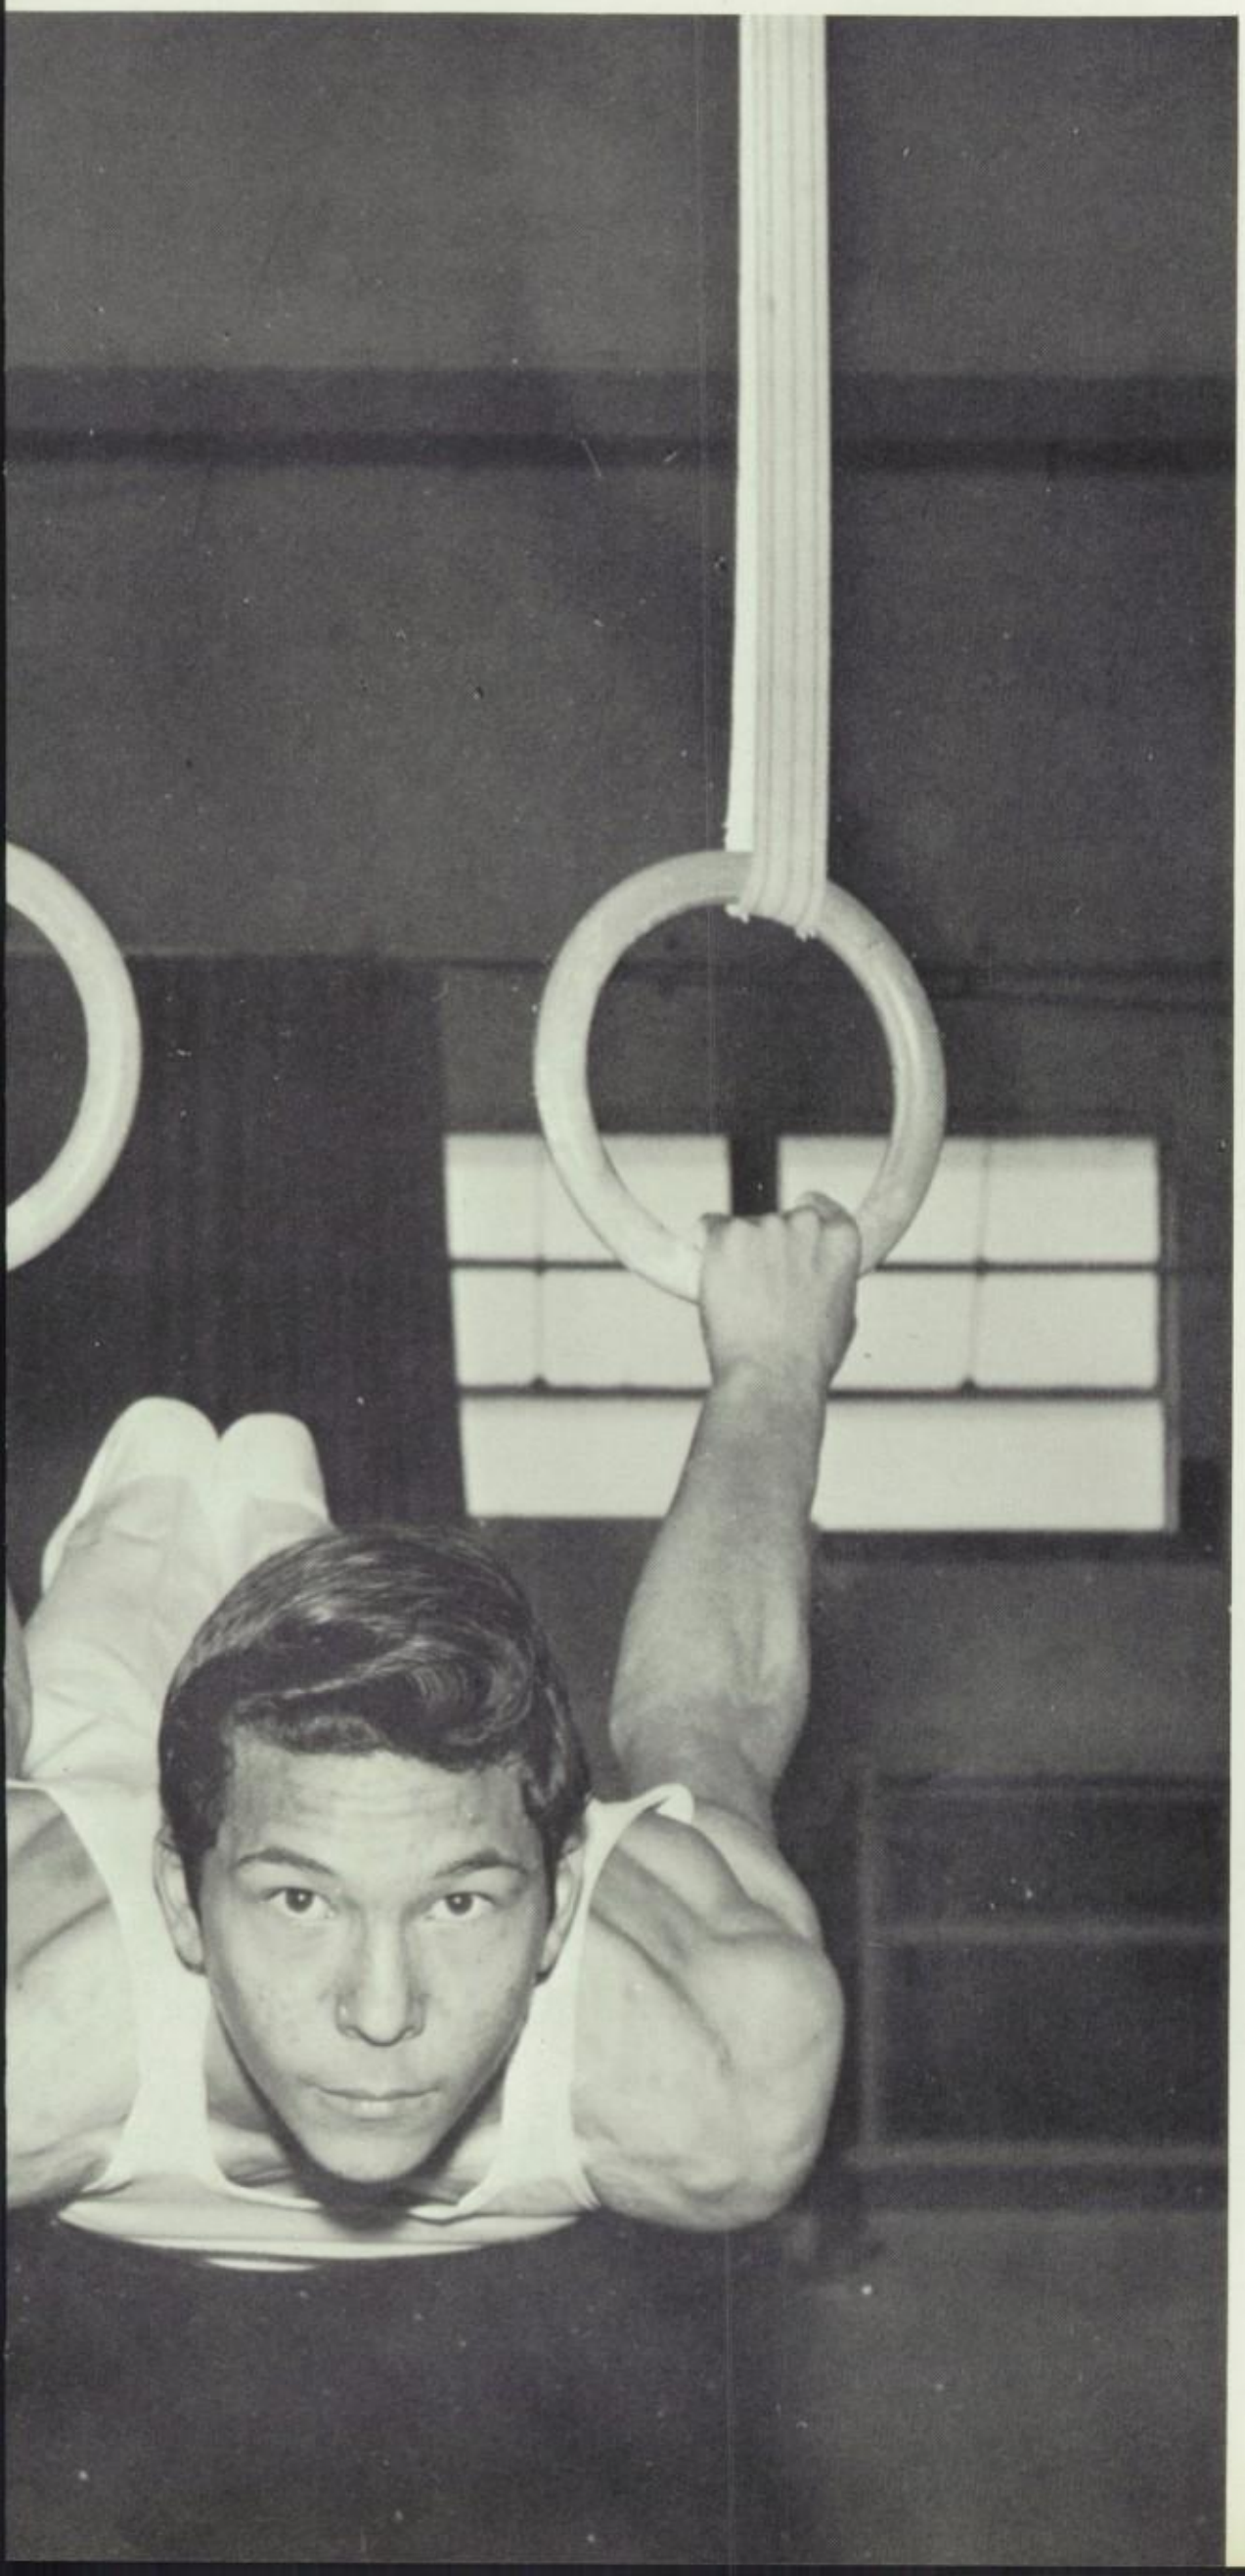
Young Titan Gymnasts Capture Two Early Victories



Sporting early season victories over Santa Fe and Artesia, Titan gymnasts made the most of their inexperience. Led by Senior Albert Robles on the parallel bars and rings, the young team improved steadily during the season. Besides Robles, there were a number of individual standouts on this year's team. Ray Aguilera and Jose Rodriguez starred on the parallel bars and in free exercise. Ricky Lopez performed on the side horse, long horse, and in the rope climb. David Tilton worked the rings and high bar. With only one team member graduating this year, the outlook for next season looks promising.

Varsity Cindermen Run Over by Foes

1969 was a typical year for Titan track. A lack of interest and resulting small turnout again hampered the team's chances, especially on the Varsity level. At presstime, the Varsity sported an 0-5 record, their narrowest defeat a 23-point loss to Gahr. The Bees and Cees enjoyed more success, each team having a 2-3 mark.

Though the Varsity enjoyed little success, a number of individual performances highlighted the early going. Junior Earl Crawford ran a 10.3 hundred yard dash, and Tom Anderson hurled the discus 141′ 8″. The 440 yard relay team of Jess Martinez, Earl Crawford, Larry Myrtue, and Ken Jackson tied the school record of 46.1 in another early season effort.

Varsity, JV Tennis Teams Are Served "Love," but no Mercy, by Early Season Competitors

Titan tennis experienced another difficult season in 1969. Returning lettermen Dan Garcia and Bob Pippin were the individual Varsity standouts and the top singles players. Tough competition kept the team winless up to presstime. Varsity coach Stu Kaufmann and JV mentor Joe Davis feared a lack of experience and depth would hurt their teams' chances during the season.

1969 was a building year for all three Titan swim teams. Composed largely of juniors, the Varsity had their best early success against the Monte Vista Mustangs. Individual bright spots were provided by Gary Breckenridge and Dennis Ortiz swimming the breast stroke event and by Steve Kilgore in the individual medley.

Gary Breckenridge doubled as a competitor on the Varsity and Bee levels. His individual victories led the Bees to lopsided wins over Artesia, La Mirada, Monte Vista, and Sierra. Breckenridge broke the school record in the Bee breast stroke and teamed with Steve Holgate, Steve Kilgore, and Mark Busse to shatter the Bee medley record. Mike Gagnon and Jack Stoughton were other promising Bee swimmers, pointing to the possibility of a successful season in 1970.

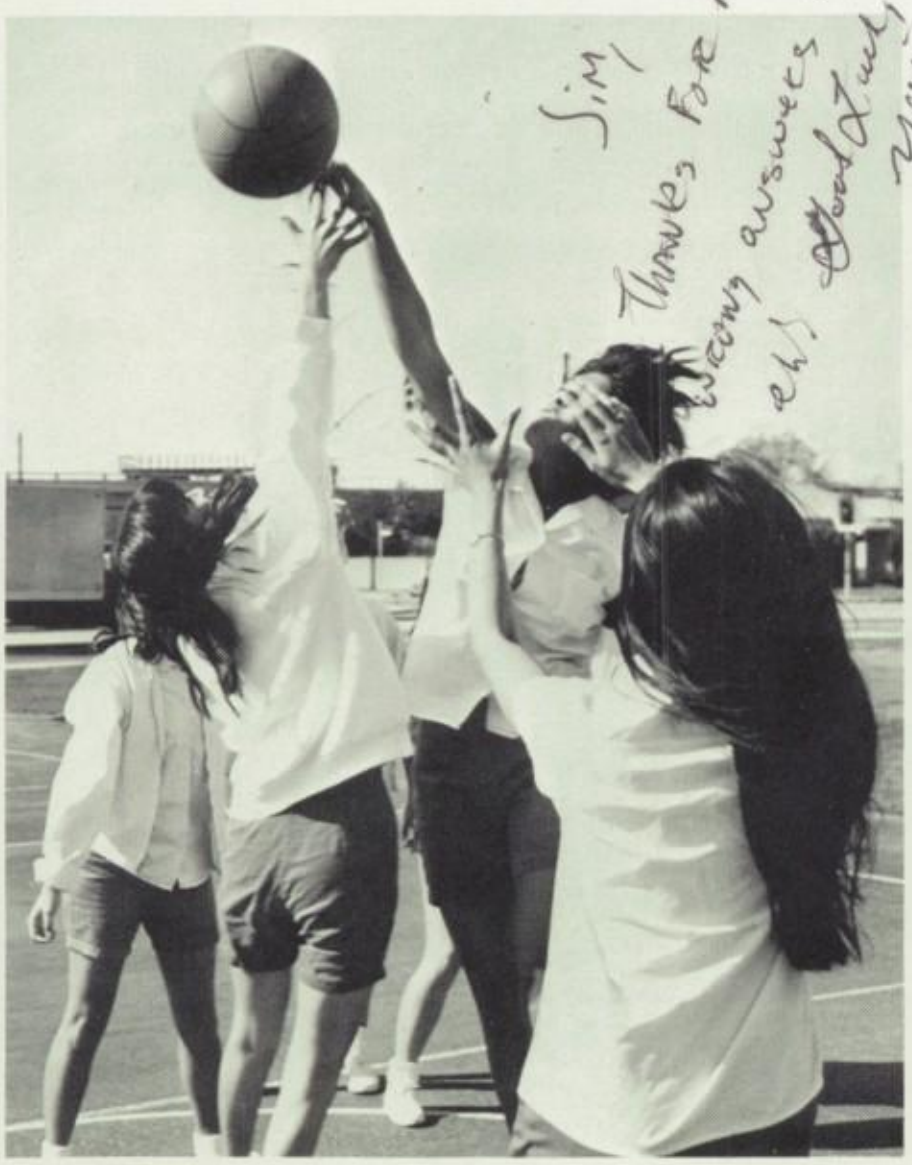
GAA Provides Experience in Various Athletic Events

Linda Valle and Lydia Montenegro find that playing basketball can be fun, as well as funny.

The Girls' Athletic Association provides sports-minded Titanettes with the opportunity to learn about and participate in their favorite sports. Volleyball, basketball, softball, tennis, track and field, and swimming were all offered during the school year.

The G.A.A. sponsored various activities during the year to publicize their program. District play-days, a booth in the carnival, and a student-teacher softball game highlighted the group's activities. Kathi Marquez (president), Olivia Rangel (vice-president), Vivian Canales (secretary), Sue Walker (treasurer), and Elly Maree (publicity chairman) provided enthusiastic leadership throughout the year.



Virginia Garcia and Caroline Rivera strain for the loose basketball.

Angie Lomas crosses home plate as Lisa Levario awaits the throw.

Juniors Labor Long Hours to Host Successful Prom

The Junior Class Officers and Council worked throughout the 1968-69 school year to raise money for the prom they sponsored in May. The numerous money-raising activities planned by the class council began in October, when they sponsored a car wash. Council members and other loyal members of the class of 1970 worked together washing cars and getting wet. This effort netted eighty dollars for the class treasury. An additional sixty dollars was added to the kitty from another car wash in December.

The major money-raising activity for the juniors was the second annual Pioneer High School carnival. The council sponsored two booths at the carnival, the Toy Pitch Booth and a refreshment stand. This activity raised additional funds towards the financing of the Junior-Senior prom.

In connection with their sponsorship of the prom, the juniors sent out questionnaires to all juniors and seniors in order to try to provide the most desirable type of formal dance. They also worked with junior council members from other high schools in the district to petition the Whittier Union High School District Board of Trustees to change the boundary lines and rules about off-campus proms.

Leading the activities of the class were the officers: Randy Rubin (President), Jack Stoughton (Vice President), Antoinette Duran (Secretary), Karen Tolmasov (Treasurer), and Louise Usselman (Social Chairman). Del Rock served as advisor for the organization.

Front Row, left to right: Kaly Murphy, Kathy Gallegos, Marcia Yost, Alice Kawanian, Sandi Cimmirusti, Nancy Urtusuastegui, Dana Jenkins, Nancy Heck, Nancy Colucci, Dana Rorabaugh. *Second Row*: Rhonda Westby, Antoinette Duran, Karen Tolmasov, Eileen Schenk, Janice Greeley, Dave Munoz, Debbie Clevenger, Jeanne Raymond. *Third Row*: Randy Rubin, Alan Harrison, Gwen Warren, Phil McMurtrey, Don Shirey, Jack Stoughton, Donna Steiner, Louise Usselman.

Lab and Lecture Lead Juniors Through Chemistry

Chemistry is a laboratory science taken by juniors who are following a college preparatory course. It is a lab-oriented course supplemented by lecture and discussion. Both quantitative and qualitative aspects of the subject are studied.

In Chemistry, students study the properties of atoms and molecules, the elements and compounds found on the earth's surface and in its atmosphere. Particular areas of study include: the history of chemistry and important discoveries in the field, the periodic table, equation writing and balancing, chemical bonding, reaction rates, and formula writing. Also included in the course is a detailed study of the quantitative, or mathematical, aspects of chemistry.

At left, Mr. Davis checks some of the lab data recorded by Jack Stoughton.

Algebra II Challenges

Algebra II is a third year mathematical course which follows Algebra I and Geometry. It is a course designed for College Prep students who are particularly interested in mathematics and wish to pursue the subject further in college as a career. The class is often taken in conjunction with chemistry and as a pre-requisite to physics and trigonometry.

College-bound Juniors

The course examines a variety of advanced algebraic formulae and principles. Included in Algebra II are studies in: first and second degree equations, functions and their applications, and parabolas and other graphs of complex equations.

In the photo above, Mr. Orr explains a division problem involving equations in one variable to junior students Karen Fichthorn and Bill Castro.

Sophomores Tackle Trash Problems

The Sophomore Class Officers and council met weekly on Tuesdays at lunchtime to make plans for money-raising activities and for projects promoting pep and spirit among members of their class.

The sophomores began early in the school year planning projects to raise money for the prom they will sponsor next year as juniors. Council members joined their classmates in a successful October car wash.

In the fall, the sophomores undertook a project to promote pep in the class of 1971 and to be of service to Pioneer High School. Concerned about the trash problem in the quad and other areas of the campus, the sophomores held a campus clean-up campaign. They began by painting trash cans located throughout the Pihi campus many different and bright colors. Each day following nutrition and lunch, members of the sophomore class collected the trash left in the quad, and deposited it in the trash cans.

The class of 1971 and its officers were an active group on the Pioneer High campus throughout the school year. In the words of Class President Mel Rodriguez, "The class of 1971 is the 'now' class. It will become the greatest class ever known at Pioneer for its leadership. We have had a great year at Pioneer but I know the next two years will be even greater."

Assisting Mel in the job of leading the class and its activities were Gloria Rangel, vice president; Cathy Ledbetter, secretary; Lucy Menchaca, treasurer, and April Steele, social chairman.

World History Hurls Sophs into the Past

World History is the Social Studies unit taken by all sophomores. The course includes studies of the peoples and events which shaped the history of the world. Events from the Renaissance to modern times are studied. Attention is focused on the causes and effects of various events, as well as on the people involved.

Areas of history which are given particular emphasis in world history classes include: the Renaissance, the Industrial and Scientific Revolutions, the development of the democratic system of government in the world, and World Wars I and II.

In the photograph at left, Mr. Maeder discusses lecture notes on the period of exploration with sophomore Dan McCluskey.

Sophomore Girls Experience

Girls' sophomore physical education includes participation in a wide variety of sports and games. Included in the curriculum are courses of study in basketball, volleyball, speedaway, softball, swimming, tumbling, folk dancing, and indoor games. The indoor games unit includes games such as table tennis and badminton.

Participation in these games provides enjoyment as well as exercise. Active participation and good sportsmanship are stressed in the girls' physical education department.

Girls who have a great interest in sports or exceptional skill and co-ordination have the opportunity to develop these talents more fully by participation in sixth period physical edu-

cation classes and in after-school sports, through the Girls' Athletic Association. Requirements for participation in sixth period gym include recommendation of the girl's physical education teacher from the preceding year. Girls are also expected to compete in at least one sport per semester in the Girls Athletic Association after-school sports competition. Pioneer competes with other schools within the district and from the surrounding area.

In the photograph above, Mrs. Mason instructs sophomores Anita Delgado, Nancy Arrellano, Barbara Nunez, Kim Anderson, and Margaret Atristain in the fundamentals of badminton.

Frosh Raise Money, Participate Actively

Under the leadership of class president Ronnie Loya, the Freshman Class Council worked this year to raise money for their class treasury. The first project sponsored by the frosh was a car wash early in November. An all-out effort by members of the council to sell tickets and work at washing cars resulted in a $140 profit.

The Freshman Class Council also participated in club week activities, the only class to do so. They sponsored a pie-eating contest between faculty members and members of the freshman, sophomore, junior, and senior classes.

The frosh also fielded a squad for Pioneer's first Little Olympics. Council members and their classmates participated in the events which included: Volkswagen racing, Volkswagen packing, egg-throwing, chocolate-marshmallow eating, and sauerkraut juice drinking contest, winning the last event.

Reading and Speaking: The Foundations of English I

English I is a required class for all freshmen. Its purpose is to provide the student with the ability to communicate in speech and writing. English I teachers co-operate with the Speech Arts department in preparation for Speech Week. Freshmen are encouraged to write original speeches or to find and interpret material authored by others.

Reading plays a major part in the English I program. First year Titans are introduced to some of the more important types of literature, including the epic, the short story, the novel, the drama, and narrative poetry.

Some of the titles encountered by freshmen are: *The Odyssey, The Magic and the Sword, Cheaper by the Dozen, The Pearl, Four Teenage Novels, and The Red Pony.* Frosh are also given the chance to compose their own plays and poetry, providing more knowledge about these literary types.

Above, Mr. Mulhaupt compliments Mike Lawrence and Debbie Nowell for their well-written compositions.

Frosh Become Mermaids in Girls' P.E.

The physical education course for freshman girls includes a wide variety of sports and games. Some of the activities included are: basketball, volleyball, softball, speedaway, tennis, body mechanics, and swimming.

The course in swimming is designed for beginning, intermediate, and advanced swimmers. Course requirements for each group differ. The beginners are expected to learn how to swim. The intermediate group is required to swim a certain number of laps of the pool and to improve their swimming technique. The advanced group requirement is also a designated number of pool laps. Advanced Swimmers also aid the teacher in helping the beginners.

The course in swimming is not limited to freestyle swimming. Girls in the intermediate and advanced groups also learn and practice other swimming strokes, including the backstroke and the breaststroke.

Generally, free swimming is offered to the girls once a week. Mrs. Hardy and freshmen Chris Calliri and Kathy Henderson enjoy such a day in the photo at left.

Creativity and Construction Stressed in Wood I

Numerous Titans were enrolled in the shop classes on campus. One of the more popular offerings in the department was Woodworking I.

Wood I is an introductory class, designed to acquaint students with the tools and materials of the woodworking trade. Students worked individually and in groups on basic projects. Besides working from basic patterns, students in Wood I were encouraged to be creative. They were given the chance to design and construct their own original objects.

In Memoriam

Pioneer, like the campus of any high school, is a vibrant, lively place. High-pitched voices talking about female fashions and make-up mingle with voices comparing engine horsepower and football teams. And always there is laughter.

The week of February 15, 1969 was different. The death of Sophomore Sandi Daddario brought subdued voices to our campus. The passing of a close friend is always a jarring reminder of the reality of the outside world. Sandi Daddario will be missed, and Pioneer remembers her. The following verse was written by a close friend in memory of her passing.

She's far above in heaven
Where shepherds go to rest
Looking down upon us
She's finally made her quest.

Her memory lingers with us
For far above she's gone
To sing with all the angels
Their very own sweet song.

The life she led was happy
For she was very kind
And when a friend did need her
She always stayed behind.

No matter what the day brought
Her head she held so high
For she lived for the tomorrows
And watched the all pass by.

She smiled very sweetly
To all who passed her way
For her life was filled with laughter
Even on the bluest day.

Then one day the angels came
And told her God did call
And now we hear her laughter
Through all the campus halls.

We pray that she is happy
With God so high above
For she always will be with us
In our thoughts and in our love.

PISCHEL YEARBOOKS, INC.

Reflections

On a sunny afternoon in September, 1968, twenty-one students and an advisor walked into room M-103 of Pioneer High School. Our purpose was to compile a yearbook that would record the highlights of the 1968-69 school year at Pioneer. The many hours, weeks, and months of working towards that goal are represented in this book. To each member of the Pioneer High student body, the school year holds different memories, and it is our hope that we have been able to successfully record those memories within the covers of this book.

To each member of the staff who contributed his time and effort to the success of the book, I wish to say "thank you." It is my desire that this has been as rewarding an experience for you as it has for me, one which has brought to you a great deal of enjoyment. I would especially like to thank Kurt Stockwell and Glenda Ransom for designing the cover and the divider pages of the book, and "Barney" for the many extra hours he spent with the camera getting shots for the book. To Suzi Bigham, "thank you" for all the time devoted to standing behind the selling window in the Spirit Center, counting the money. A very special thanks go to Mr. Letcher in appreciation for his advice, his support, and his humor.

It is hard to believe that the many months of work have finally come to an end. Worrying, deadlines, photo scheduling, copy writing, and layout designing are all finished; and with them, the end of the book and of the 1968-69 school year have also arrived. Hopefully, the activities and events that comprised this school year will continue to live throughout this book, upon whose pages we have attempted to capture the spirit that was Pioneer High School, 1968-69.

Jim,
I had fun in Spanish II
with you. You are alright
if you don't sing. If you
and Oscar wouldn't of stopped
cussing me out in Spanish
I would have leaned you
both. Stay alright our the
summer. Thats about it I
can't think of anything good.

Love,
Cindy
